

ALINE THEODORAKIS

COMPUTATIONAL & ARCHITECTURAL DESIGNER

EXPERIENCE

COMPUTATION TEACHING ASSISTANT II – COLUMBIA UNIVERSITY

Aug 2025 – Current | New York, NY

Delivered technical support and troubleshooting assistance to graduate students in advanced 3D modeling and parametric design using Rhino, Grasshopper, and Python. Provided technical guidance and design critiques to students throughout the course, troubleshooting software challenges and helping develop computational design solutions. Provided strategic guidance on research conceptualization and project development through structured feedback sessions and collaborative consultation. Facilitated academic operations by assisting faculty with course administration, assessment evaluation, and grading responsibilities.

FREELANCE ARCHITECTURAL DESIGNER

Nov 2024 – Aug 2025 | Brooklyn, NY

Delivered interior architectural renderings and floorplans for multiple clients. Managed all aspects of the design process from conceptualization to execution while maintaining positive client relations. Gained experience in client acquisition and working directly with clients in understanding their goals, budget, and limitations. Expanded upon existing project management skills in time management, budgeting, contract negotiation, and collaboration.

ASSISTANT PROJECT MANAGER – CAULDWELL WINGATE

Aug 2020 – Nov 2024 | New York, NY

Performed project documentation, contract administration and contract bidding & negotiation for a high-end residential building located at 135 E 47th St for the entire duration of the project from pre-construction phase to close-out and substantial completion. Performed cost management throughout the duration of the project by reviewing change orders, requisitions and project budgeting. Exhibited understanding of building materials and systems through assisting with BIM Coordination and Facade Design Assist meeting minutes and on site execution. Maintained positive client and contractor relations and enhanced communication between developers, architects, and subcontractors in reviewing construction details and design solutions through on site coordination. Worked closely with internal teams in project planning for budget estimating, cost reports, revenue projections, scheduling, and contract document preparation. Performed field surveys, on site walk throughs for safety and code compliance. Demonstrated leadership in executing punch list items and organizing tracking systems throughout the project.

ARCHITECTURAL DESIGNER – KOL MAC LLC

June 2020 – May 2022; *Part-time* | New York, NY

Collaborated on several projects with Kol Mac LLC and peers to enter design competitions for Future ShanShui City: International Urban Design Competition and the National Science Foundation Innovation and Technology Ecosystems, in collaboration with ARUP and NVIDIA. Both projects involved researching the site and history of the issue and a design phase that consisted of creating diagrams, technical drawings, programming scripts for 3D models, and renders, and putting together a presentation for the competition.

ARCHITECTURAL DESIGNER INTERN – A.FORM EVENT ARCHITECTS

Sept 2019 – Dec 2019 | New York, NY

Worked with the team on Architectural aspects of creating live entertainment venues. Received plans from clients and designed in AutoCAD, addressing furniture layout, safety precautions, means of egress, and ADA accessibility. Attended site visits prior to events to ensure designs were accurate and met NYC code requirements.

EDUCATION

COLUMBIA UNIVERSITY

M.S. in Computational Design Practices

May 2025 – Current

PRATT INSTITUTE

Master of Architecture

NAAB Accredited

Aug 2017 – May 2020

RUTGERS UNIVERSITY

B.S. in Urban Planning & Design

B.A. in Art History

Aug 2013 – May 2017

CERTIFICATIONS

LEED GREEN ASSOCIATE

Green Business Certification Inc.

Feb 2024

62 HOUR SITE SAFETY

SUPERVISOR

TSC Training Academy

Mar 2021

SKILLS

TECHNICAL

Grasshopper, Rhino, QGIS, JavaScript, HTML, CSS, Python, Revit, AutoCAD, Vray, Photoshop, Illustrator, Indesign, After Effects, Unity, Blender, 3D Printing, Laser Cutting

DESIGN

Parametric Design, Spatial Interaction Design, Webmapping, Residential & Interior Design, Technical Drawing, Design Development & Documentation, Concept & Schematic Design, Hand Sketching & Drafting, Rendering, 3D Modeling, Presentation & Graphic Communication, Graphic Design

EXTRACURRICULAR

Dual citizen of United States and Canada, Visiting critic for Pratt GAUD student reviews, member of AIANY ENYA Committee, Graduated Rutgers University with Dean's List & High Honors, Graduated Pratt Institute with Honors
